Anti-Seize Compounds

Copper Anti-Seize — VIA-0011

Can Size: 16 oz.

Net Weight: 12 oz.

Description: VIA-0011 combines a high concentration of copper with a premium-grade aluminum-complex grease and graphite for superior anti-seizing qualities. It prevents seizing and galling at high temperatures and pressures while permitting the easy removal of parts that have been subjected to adverse conditions. The spray pattern is smooth and precise. VIA-0011 comes with an extension tube for hard to reach areas. It won't run or splatter whether it's used with or without the extension tube.
